

PROMENADE ROOF DECK LIVE STREAM MANUAL

PC VIEWING

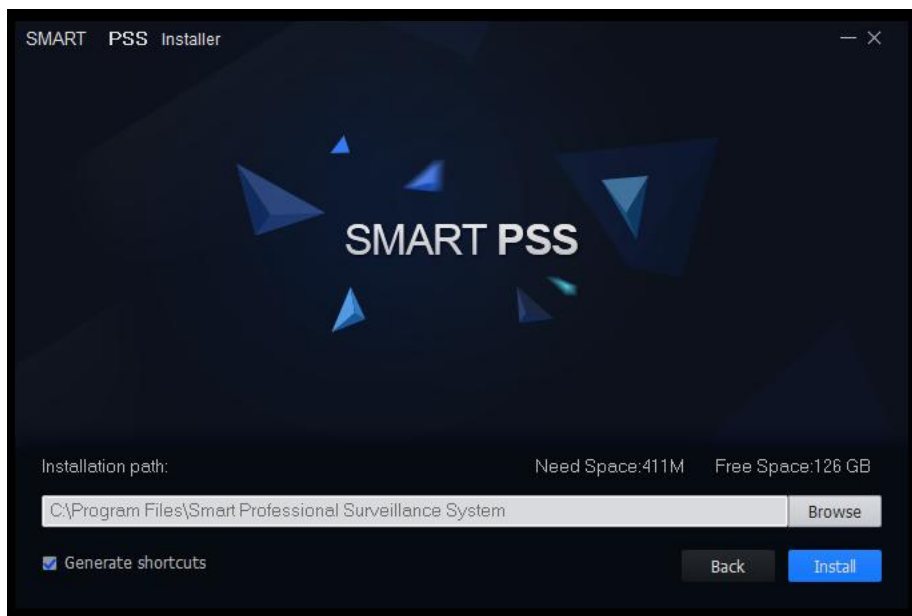

STEP 1. Download the installer to the promenade website.

Note: Make sure that your computer has 64bit operating system.

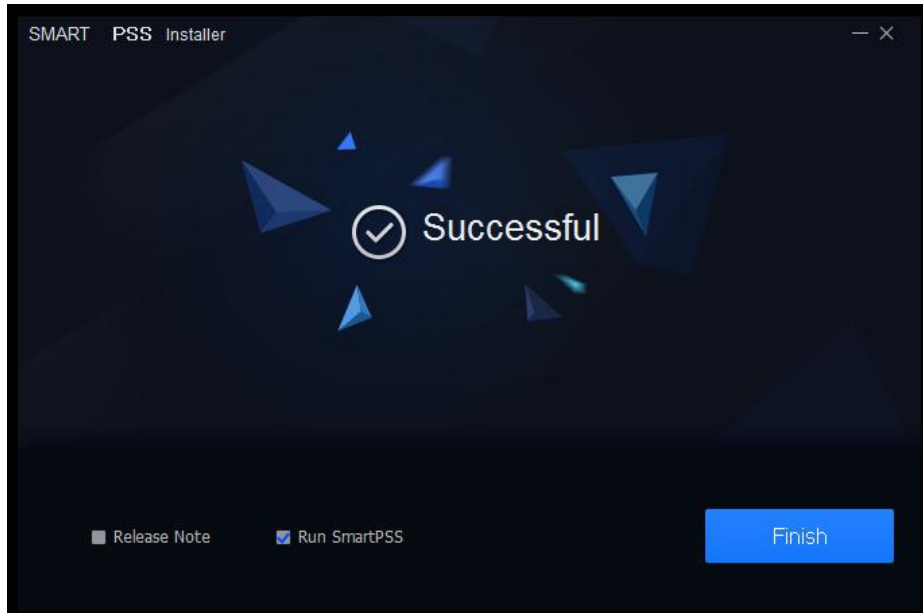

STEP 2. To install the application, double click the file then press the “NEXT” button

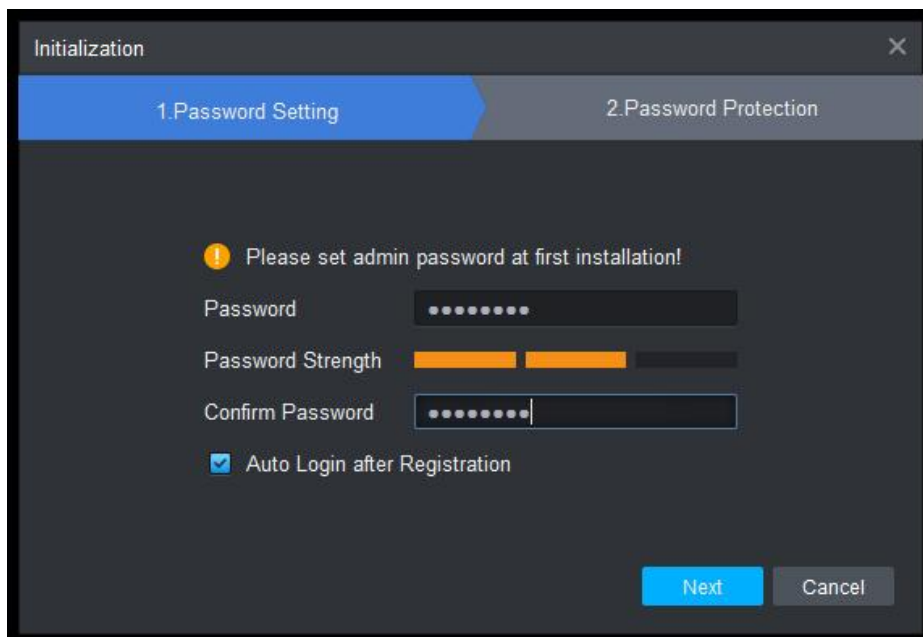

STEP 3. Click the “INSTALL” button.

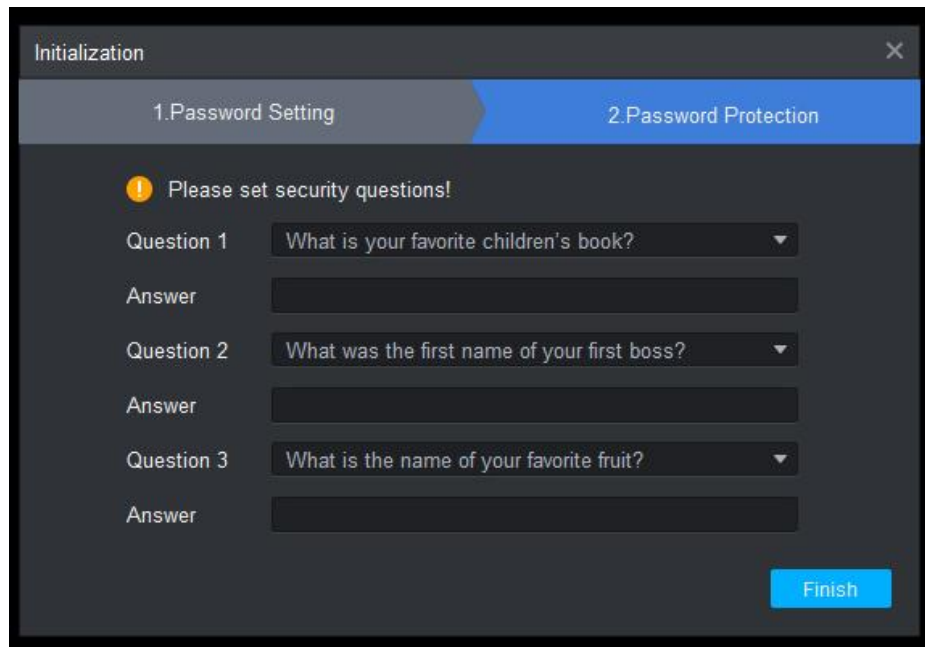

STEP 4. To complete the installation, check the “*Run SmartPSS*” then click the “*FINISH*” button

STEP 5. After the installation is the account registration, to create account, input your desired password to this application, check the “*Auto Login after Registration*”, then click the “*NEXT*” button.

STEP 6. Select an answer to your selected question for the password protection and recovery. After filling the textbox, click the “*FINISH*” button

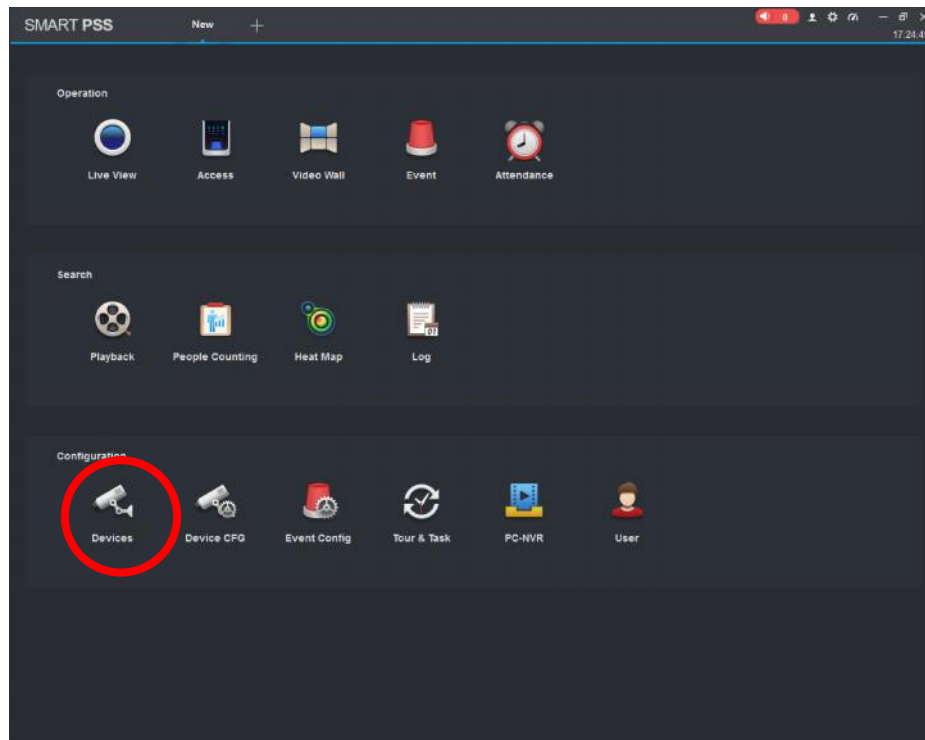

The screenshot shows a window titled "Initialization" with a close button (X) in the top right corner. The window is divided into two tabs: "1.Password Setting" (inactive) and "2.Password Protection" (active). Below the tabs, there is a warning icon and the text "Please set security questions!". There are three question-answer pairs:

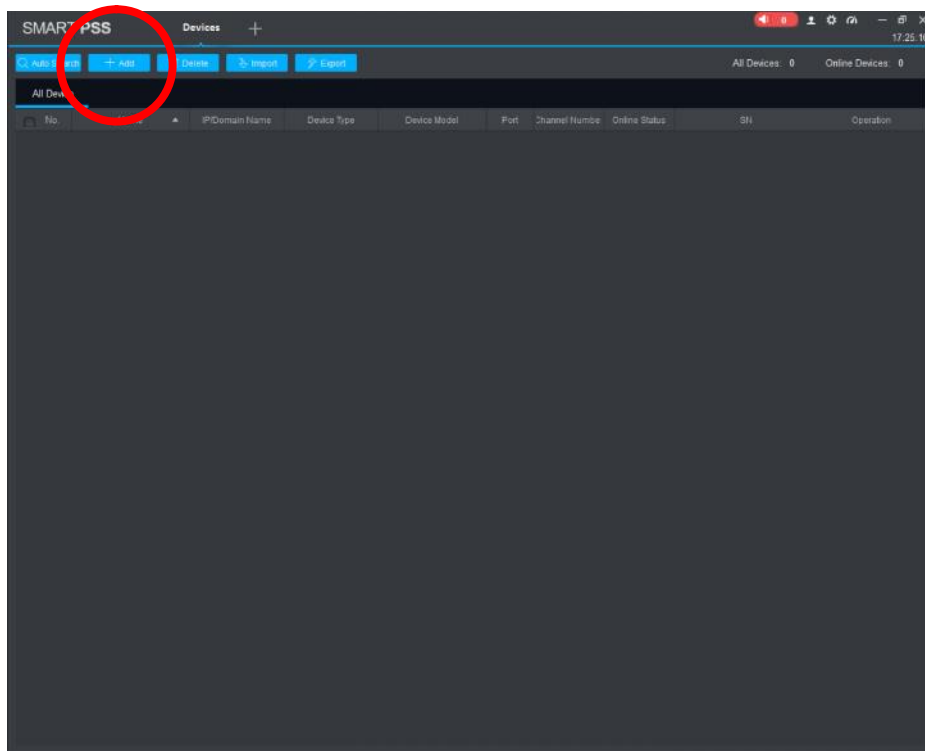

- Question 1: "What is your favorite children's book?" (dropdown menu) with an empty "Answer" text box below it.
- Question 2: "What was the first name of your first boss?" (dropdown menu) with an empty "Answer" text box below it.
- Question 3: "What is the name of your favorite fruit?" (dropdown menu) with an empty "Answer" text box below it.

A blue "Finish" button is located at the bottom right of the window.

STEP 7. After setting password, you can now view the Main Form of the program. To set Live Stream View click the “*Devices*” menu

STEP 8. To set connection, click the “+ADD” button at the top corner of the form.

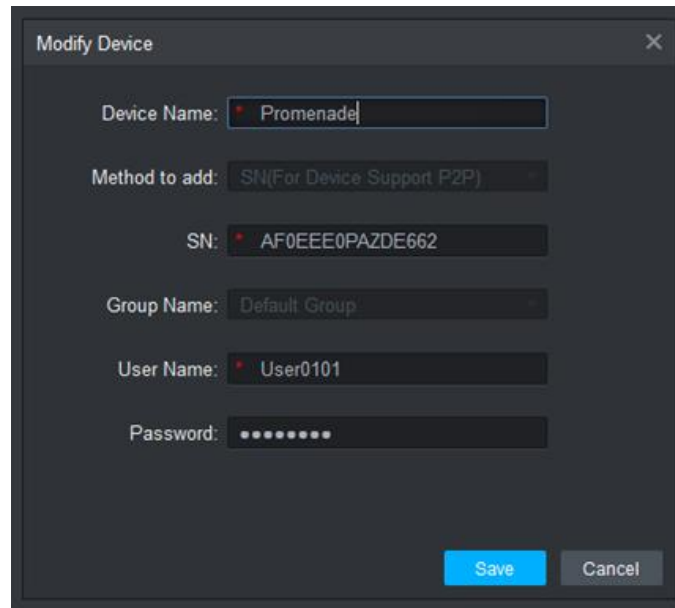

STEP 9. Input “Promenade” on the device name, select “SN(For Device Support P2P)”

A screenshot of the 'Manual Add' dialog box. It contains the following fields:
